APPLICATION AND AGREEMENT FOR HARVESTING AND SALE OF
CORN FODDER AND STOVER

_____, hereinafter referred to as "the producer," of _____
(Post office) (State), operating a ranch or farm known as _____
situated _____ from _____, on _____ Road,
(Miles and direction) (Town)
in _____ Township, in _____ County, State of _____

hereby applies to have allotted to him to be sold by him under the terms of the agreement hereinafter set forth, _____ tons of
baled corn fodder and/or corn stover, or such part thereof as may be allotted to him, referred to in this agreement as "the product" pro-
duced upon the aforementioned farm.

This application and the agreement hereinafter set forth constitute an offer which may be accepted by Henry A. Wallace, as Secretary
of Agriculture of the United States or his duly appointed agent, both hereinafter referred to as "the Secretary", by signing the attached
allotment blank. Upon such signing the aforesaid agreement shall immediately become binding upon the producer and the Secretary.

Producer.

ALLOTMENT AND EXECUTION BY THE SECRETARY

I hereby allot to _____, _____ tons of corn fodder, and in consideration
(Producer)
of the promises of _____ herein made, I execute this agreement.
(Producer)

HENRY A. WALLACE,
For and on behalf of the United States.

By _____
(Representative of the Secretary of Agriculture)

AGREEMENT

1. The producer hereby promises that he will harvest an amount of the product sufficient to fulfill the allotment to him and will
exercise the necessary care in curing, baling, and storing the same and that he will notify the Secretary of the product which he has avail-
able for delivery specifying the grades thereof in accordance with Schedule A of this contract.
2. If the producer is of the opinion that he will be unable to fulfill his allotment or any part thereof, he shall notify the Secretary.
Thereupon the Secretary may reassign such allotment or may permit the producer to purchase unallotted stocks from such persons and/or
farms as the Secretary shall approve or may permit the producer to assign his allotment to such persons and upon such terms as the
Secretary shall approve or may cancel the allotment to the extent that it will not be fulfilled.
3. The producer hereby promises to fill any order transmitted to him by the Secretary which he is at such time able to fill and deliver.
If he refuses to fill such order the Secretary may decide either to deduct the amount of such order from his allotment or to cancel the
entire allotment. The Secretary shall notify the producer of his decision within 30 days of such refusal; and such decision shall be final.
4. The Secretary shall secure orders of purchase for the product and transmit the same to the producer. The producer shall deliver the

product in bales to a carrier at _____, or _____, or _____
(Town) (Town) (Town)
(here specify adjacent points of shipment for all carriers), within the time specified by the Secretary in the order.

The Secretary may appoint an inspector who shall inspect the product, before loading, at the place of delivery to the carrier or at
any convenient place en route thereto; the inspector shall grade the product according to the standards laid down in Schedule A of this
agreement and shall indicate by appropriate means the class and quality of the product; after such grading the product shall be conclusively
presumed to have been, at the time of shipment, of the class and quality so specified; if the product is substandard, the inspector may
reject it, but the producer may nevertheless fill the order of delivery of standard product within the time specified by the Secretary in the
order; substandard product which is rejected shall not be charged against the producer's allotment unless the Secretary shall decide that
such failure to deliver the standard product constitutes a refusal under paragraph 3 of this agreement.

5. The producer shall make the shipping arrangements in accordance with the order of the Secretary and ship the product under bill
of lading to such consignee as the Secretary may designate, attaching thereto a sight draft upon the consignee.

6. If 10 days after notification of arrival to the consignee, or, in case of diversion by the Secretary or destruction, 30 days after
delivery to the carrier, the producer or his agent for collection has not received payment or has received less than the price specified in
Schedule A of this agreement the Secretary hereby promises to pay the schedule price or the difference between the schedule price and the
amount received by the producer from all sources on account of the product. The risk of damage, deterioration or loss after loading shall,
as between the producer and the Secretary, be borne by the Secretary, but if the Secretary is unable to arrange for inspection before loading,
he shall, unless the product has been destroyed, have the privilege of inspecting the same en route or at destination and of rejecting the
same if it thereby appears that the product did not, at the time of loading, meet the qualifications set forth in Schedule A of this agree-
ment; the Secretary further promises to hold the producer harmless from any liability incurred and to reimburse him for any payment
made for carriage beyond the place of delivery to the carrier, except where the product has been rejected as herein provided. The Secre-
tary may demand as a condition of any payment made by him to the producer pursuant to this paragraph that the producer endorse,
assign, and make over the bills of lading, drafts, all of the producer's right to the product, and any other rights which have accrued or
may accrue to the producer in connection with the production and the sale and transit thereof, and that he certify that he has not received
payment or satisfaction for anything for which he is demanding payment from the Secretary.

7. The producer may notify the Secretary, on or after April 1, 1935, of the amount of his allotment which has not been shipped as
herein provided, and the amount of standard product which he has on hand, produced upon his farm, at the time of notification. The
secretary will pay the producer the schedule price for that part of his allotment which has not been shipped as herein provided to the
extent that the producer has standard product, produced upon his farm on hand at the time of inspection, or if no inspection is or can be
made, at the time of notification. The Secretary may inspect the product on the producer's farm or demand that it be delivered for
inspection at such place as he shall specify in or about _____, and the producer shall permit such product
(Town)

to remain upon his farm stored in the customary manner for a period not to exceed 30 days after notification to the Secretary as above
specified; and the producer shall, at his expense, deliver the product to the Secretary at _____ upon demand;
(Town)

after the Secretary has received notification as hereinabove provided he shall bear the risk of loss of the product unless the loss occurs
through the negligence or misfeasance of the producer.

(See reverse side for classes and grades for corn fodder and stover)

SCHEDULE A

Classes and Grades for Corn Fodder and Stover

Classification

<i>Field corn</i>	
Corn fodder—	Corn stover—
Whole corn fodder	Whole corn stover
Shredded corn fodder	Shredded or threshed corn stover

Grades for all subclasses

No. 1.—Shall have all or nearly all the leaves attached and shall be green to greenish yellow in color, sound and sweet, well cured, and shall not contain more than a trace of foreign material.

No. 2.—Shall have the majority of leaves attached, may be yellow to yellowish brown in color, shall be well cured and may include not to exceed ten percent foreign material.

Sample grade.—May have most of the leaves absent, may contain more than 10 percent of foreign material, may be under cured, badly weathered, moldy, musty, or otherwise of distinctly low quality.

No sample grade will be accepted.

Definitions

Corn fodder shall be the harvested entire corn plant, cut and cured in the shock, from which no part has been removed before baling.

Corn stover shall be the harvested mature entire corn plant, cut and cured in the shock, from which the ears only have been removed before baling.

Whole corn fodder or whole corn stover shall be that which has been baled in its natural form without chopping, shredding, or threshing.

Shredded corn fodder or corn stover is that which has been run through a corn shredder or ensilage cutter.

Threshed corn stover is corn fodder which has been run through a grain thresher and from which all or most of the corn kernels have been removed in the process of threshing.

Prices of corn fodder and stover

In areas designated and subject to other limitations designated, the prices per ton to be paid for baled corn fodder or baled corn stover in car lots f.o.b. cars shall be:

	<i>Whole</i>	<i>Shredded</i>
No. 1 Corn fodder.....	\$8. 00	\$9. 00
No. 2 Corn fodder.....	7. 50	8. 50
No. 1 Corn stover.....	7. 50	8. 50
No. 2 Corn stover.....	7. 00	8. 00

No sample grade will be accepted.

APPLICATION AND AGREEMENT FOR HARVESTING AND SALE OF CORN FODDER AND STOVER

-----, hereinafter referred to as "the producer," of -----
(R.F.D. No.) (Box)
-----, operating a ranch or farm known as -----
(Post office) (State)
situated ----- from -----, on ----- Road,
(Miles and direction) (Town)
in ----- Township, in ----- County, State of -----

hereby applies to have allotted to him to be sold by him under the terms of the agreement hereinafter set forth, ----- tons of
baled corn fodder and/or corn stover, or such part thereof as may be allotted to him, referred to in this agreement as "the product" pro-
duced upon the aforementioned farm.

This application and the agreement hereinafter set forth constitute an offer which may be accepted by Henry A. Wallace, as Secretary
of Agriculture of the United States or his duly appointed agent, both hereinafter referred to as "the Secretary", by signing the attached
allotment blank. Upon such signing the aforesaid agreement shall immediately become binding upon the producer and the Secretary.

Producer.

ALLOTMENT AND EXECUTION BY THE SECRETARY

I hereby allot to -----, ----- tons of corn fodder, and in consideration
(Producer)
of the promises of ----- herein made, I execute this agreement.
(Producer)

HENRY A. WALLACE,
For and on behalf of the United States.

By -----
(Representative of the Secretary of Agriculture)

AGREEMENT

1. The producer hereby promises that he will harvest an amount of the product sufficient to fulfill the allotment to him and will
exercise the necessary care in curing, baling, and storing the same and that he will notify the Secretary of the product which he has avail-
able for delivery specifying the grades thereof in accordance with Schedule A of this contract.

2. If the producer is of the opinion that he will be unable to fulfill his allotment or any part thereof, he shall notify the Secretary.
Thereupon the Secretary may reassign such allotment or may permit the producer to purchase unallotted stocks from such persons and/or
farms as the Secretary shall approve or may permit the producer to assign his allotment to such persons and upon such terms as the
Secretary shall approve or may cancel the allotment to the extent that it will not be fulfilled.

3. The producer hereby promises to fill any order transmitted to him by the Secretary which he is at such time able to fill and deliver.
If he refuses to fill such order the Secretary may decide either to deduct the amount of such order from his allotment or to cancel the
entire allotment. The Secretary shall notify the producer of his decision within 30 days of such refusal; and such decision shall be final.

4. The Secretary shall secure orders of purchase for the product and transmit the same to the producer. The producer shall deliver the
product in bales to a carrier at -----, or -----, or -----
(Town) (Town) (Town)
(here specify adjacent points of shipment for all carriers), within the time specified by the Secretary in the order.

The Secretary may appoint an inspector who shall inspect the product, before loading, at the place of delivery to the carrier or at
any convenient place en route thereto; the inspector shall grade the product according to the standards laid down in Schedule A of this
agreement and shall indicate by appropriate means the class and quality of the product; after such grading the product shall be conclusively
presumed to have been, at the time of shipment, of the class and quality so specified; if the product is substandard, the inspector may
reject it, but the producer may nevertheless fill the order of delivery of standard product within the time specified by the Secretary in the
order; substandard product which is rejected shall not be charged against the producer's allotment unless the Secretary shall decide that
such failure to deliver the standard product constitutes a refusal under paragraph 3 of this agreement.

5. The producer shall make the shipping arrangements in accordance with the order of the Secretary and ship the product under bill
of lading to such consignee as the Secretary may designate, attaching thereto a sight draft upon the consignee.

6. If 10 days after notification of arrival to the consignee, or, in case of diversion by the Secretary or destruction, 30 days after
delivery to the carrier, the producer or his agent for collection has not received payment or has received less than the price specified in
Schedule A of this agreement the Secretary hereby promises to pay the schedule price or the difference between the schedule price and the
amount received by the producer from all sources on account of the product. The risk of damage, deterioration or loss after loading shall,
as between the producer and the Secretary, be borne by the Secretary, but if the Secretary is unable to arrange for inspection before loading,
he shall, unless the product has been destroyed, have the privilege of inspecting the same en route or at destination and of rejecting the
same if it thereby appears that the product did not, at the time of loading, meet the qualifications set forth in Schedule A of this agree-
ment; the Secretary further promises to hold the producer harmless from any liability incurred and to reimburse him for any payment
made for carriage beyond the place of delivery to the carrier, except where the product has been rejected as herein provided. The Secre-
tary may demand as a condition of any payment made by him to the producer pursuant to this paragraph that the producer endorse,
assign, and make over the bills of lading, drafts, all of the producer's right to the product, and any other rights which have accrued or
may accrue to the producer in connection with the production and the sale and transit thereof, and that he certify that he has not received
payment or satisfaction for anything for which he is demanding payment from the Secretary.

7. The producer may notify the Secretary, on or after April 1, 1935, of the amount of his allotment which has not been shipped as
herein provided, and the amount of standard product which he has on hand, produced upon his farm, at the time of notification. The
secretary will pay the producer the schedule price for that part of his allotment which has not been shipped as herein provided to the
extent that the producer has standard product, produced upon his farm on hand at the time of inspection, or if no inspection is or can be
made, at the time of notification. The Secretary may inspect the product on the producer's farm or demand that it be delivered for
inspection at such place as he shall specify in or about -----, and the producer shall permit such product
(Town)

to remain upon his farm stored in the customary manner for a period not to exceed 30 days after notification to the Secretary as above
specified; and the producer shall, at his expense, deliver the product to the Secretary at ----- upon demand;
(Town)

after the Secretary has received notification as hereinabove provided he shall bear the risk of loss of the product unless the loss occurs
through the negligence or misfeasance of the producer.
